

IEEE ANTS 2008

15 - 17 December
Mumbai (Bombay), India

www.antsconference.org

Broadband networks are witnessing a convergence in both technologies and delivered services. Motivated by the tremendous success of the first IEEE ANTS (2007) event which highlighted advances in systems and networking, the focus of IEEE ANTS 2008 is on communication systems and networking technologies for realizing converged ubiquitous broadband connectivity. To achieve this goal, the symposium will feature a technical program of talks, papers, and panels on relevant topics bringing together experts from academia, industry, government, and the user community involved in the research, design, development, deployment, regulation, and application of communication and networking technologies. The symposium will be held in the commercial and entertainment capital of India - Bombay - on 15-17 December 2008.

Venue:

IIT Bombay, F. C. Kohli Auditorium, Dept. of CSE, IIT Bombay.

Paper Submission:

Through EDAS (<http://edas.info>), Deadline: **31 July 2008**.

Papers:

3 pages, 2 column, IEEE style, previously unpublished and not under review elsewhere.

Panels, Keynote and Tutorial Chairs:

Several panels focusing on telecommunication networks, network designs, deployments, academic research in India and venture funding will be organized as part of the industry interaction session. Invited talks from industry leaders and keynotes from industry stalwarts complete the IEEE ANTS 2008 program.

General Chairs and Steering Committee:

Biswanath Mukherjee, UC Davis, USA

Ashwin Gumaste, IIT Bombay, India

Nasir Ghani, UNM, USA

TPC Chairs:

Suresh Subramaniam, GWU, USA

Admela Jukan, TU-Braunschweig, Germany

Publicity Chairs:

Rudra Dutta, NCSU, USA

Jianping Wang, CityU, Hong Kong, PRC

Industry Chairs:

Deepak Kataria, LSI Corp., USA

Samrat Ganguly, NEC, USA

Keynote and Tutorial Chairs:

Girish Saraph, IIT Bombay and Vegayan, India

Bishnu Pradhan, IIT Bombay, India

Abhay Karandikar, IIT Bombay, India

Local Arrangements:

Gigabit Network Laboratory, IIT Bombay, India
